News

Friday 7th July 2023

“This week we have again seen the children show themselves at their very best. From competing at Regional Cricket Finals to transition days, they have proved that they can cope with anything! Our school governors, who have been in school this week, witnessed at first hand who brilliantly well they are able to adapt and thrive in our environment. Next week, our last full week of the academic year will see our year 6 children travel to York for their traditional end of year visit.”

Mr. D Paton, Headteacher.

They can bring an extra drink and a small packet of sweets for the theatre. (No glass bottles / cans / or fizzy drinks). The children will require a waterproof coat. The children will return to school at the later time of 4.30pm and will require collecting by an adult.

DARESBURY LABORATORIES - SCIENCE WORKSHOP

On Monday 10th July, selected children have been chosen to represent the school at Daresbury Laboratory Open Day. If you have received an Evolve inviting your child then they should arrive at school at 8.20am and go to Mr Moore's classroom. newsletter

There has been much excitement and squeals of joy and amazement this week as our beautiful butterflies have started to emerge from their chrysalises! This has really helped with the children's understanding of life cycles and will hopefully be something they always remember!

“Why do ladybirds have spots?”

Our Big Question this week has been ‘Why do ladybirds have spots?’ We have enjoyed the story of ‘The Bad-Tempered Ladybird’ by Eric Carle and the children were inspired to apply their writing skills to speech bubbles, recording what the ladybirds were saying. We again discussed the difference between fiction and non-fiction texts before exploring an information text about ladybirds where we learned that their spots help warn predators not to eat them.

Mathematics

In Maths this week we have been learning about data handling. We have explored, created and interpreted data from pictograms and have also discovered how tally marks can help us when gathering data too.

Drawing Club

In Drawing Club this week we have enjoyed watching an episode of ‘Bananaman.’ The children have thought of some really imaginative ideas for a superhero hide out and different locations that Bananaman could hide his bananas from his enemies!

Just a reminder that the children are welcome to bring a named water bottle into school each day. We always have fresh water available on the snack table but it is easier for the children to keep a drink with them in the classrooms during this warm spell if they have their own bottles too, thank you.

A gentle reminder our transition days are next Monday, Tuesday and Wednesday. Please see separate letter detailing the specific arrangements for those days. Have a great weekend!

It may feel a little soon to be thinking about September, but we are. On the 20th September you will be able to drop in to school between 6pm and 7pm to find out more about what the PTA does and ask any questions or make suggestions. You'll be treated to hot drinks and cakes and you'll have the bonus of a break from the kids! If you can't attend but have family members who might like to find out more and how they could help, share the details with them and tell them to come along, we'd love to see them as we are open to all.

MULTIPLICATION CHAMPION

TOP CLASS = CLASS 3L
TOP MATHEMATICIAN =

Multiplication Challenge

Children in Year 4 need to complete a Multiplication Tables Check during the Summer 2nd Half Term.

Multiplication facts are needed in virtually all other areas of Mathematics therefore the more confidently children can recall these facts the easier they will find their Mathematics lessons as a barrier to learning is removed.

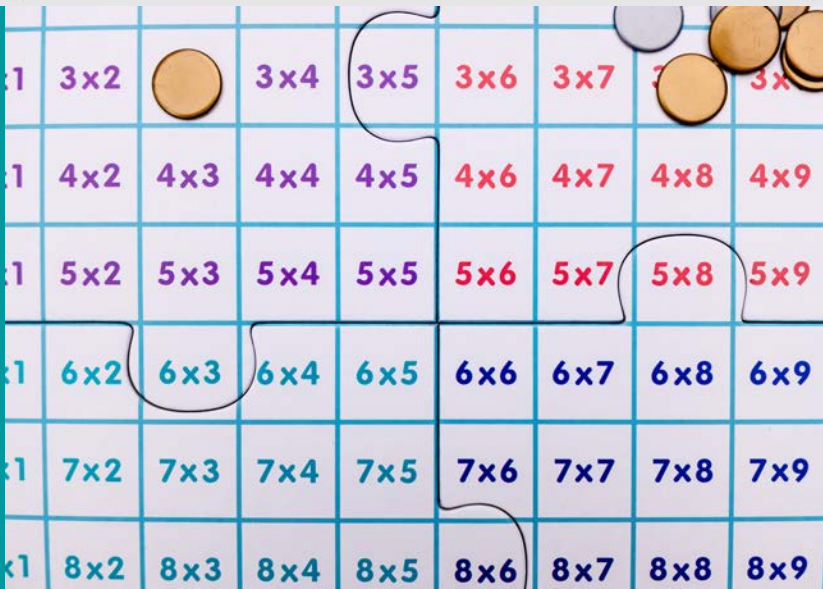

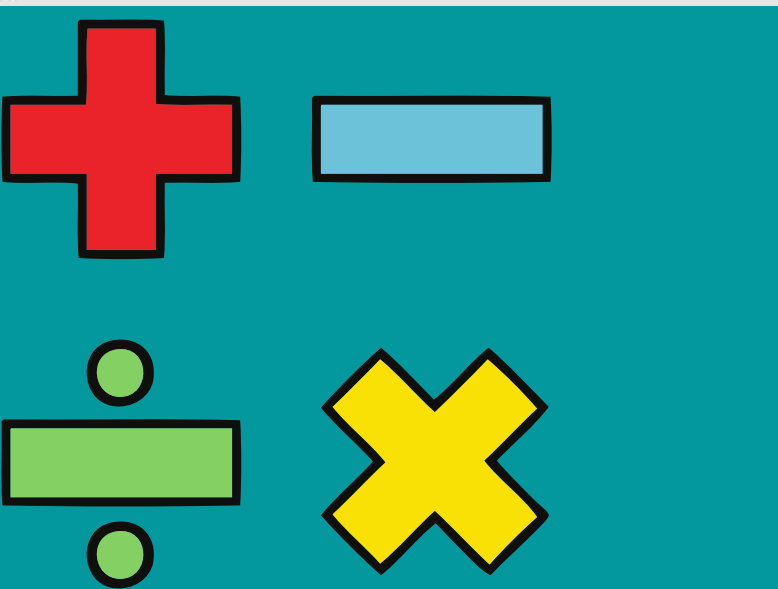

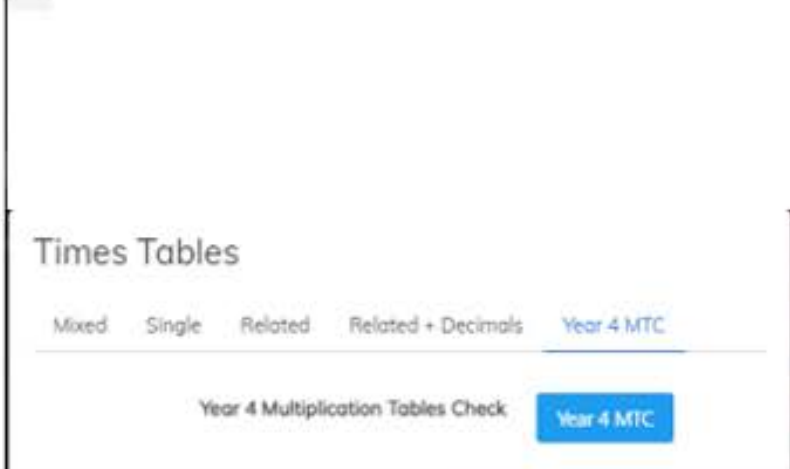

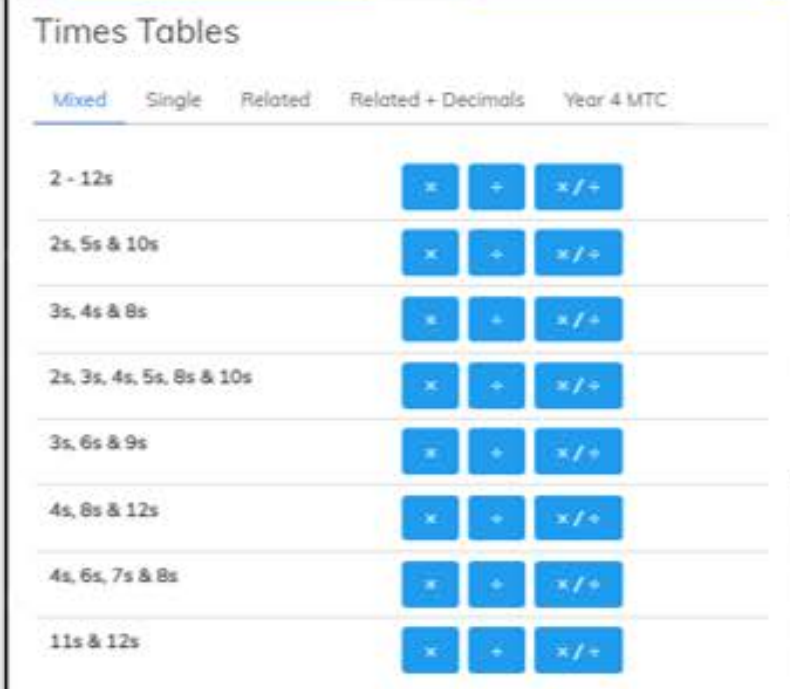

TO SUPPORT YEAR 4 IN THEIR QUEST TO RAPIDLY RECALL THEIR MULTIPLICATION FACTS WE WILL BE HOLDING A KS2 MULTIPLICATION CHALLENGE OVER THE NEXT THREE WEEKS.

PLEASE ENCOURAGE YOUR CHILD TO USE MATHS SHED ON A NIGHTLY BASIS TO PRACTICE THEIR MULTIPLICATION TABLES.

This can be found on Maths Shed. Click on Times Tables – your child can practice specific times tables that they do not know or attempt to improve their rapid recall by selecting Y4 MTC.

ON A FRIDAY WE WILL HAVE AN INDIVIDUAL WINNER FROM EACH CLASS FOR THE CHILD THAT HAS THE HIGHEST MATHS SHED SCORE AND A KS2 CLASS WINNER.

WE ARE SEARCHING FOR OUR KS2 MULTIPLICATION CHAMPION FOR KS2!

Spelling and Phonics Shed

Just a reminder that the Lunt's Heath PTA have funded a subscription for every child to not only Maths Shed but the platform which also includes Spelling and Phonics Shed.

During lockdown we have found that the children's spelling ability was greatly impacted as it was difficult to teach and test spellings virtually.

Spelling shed allows the children to practice their spellings for their age phase in a fun and interactive way through games.

Encourage your child to log into their account, select Spelling Shed or Phonics Shed. Choose their age phase and then they can choose the game type and level of challenge.
