

Friday 13th December 2024

I know that I say this every year, but I can't believe where the term has gone to. Over the past 14 weeks, we have managed to achieve so much and fit everything in that the children deserve. The OFSTED visit in October merely validated what we knew and has given us the drive and opportunity to continue to make a huge difference to the children at Lunt's Heath. Next week we have our Carols Around The Tree, Christmas Dinner and Christmas Party days to round the term off. All dates and information are below! Mr. D Paton, Headteacher

This week we loved exploring timelines in History. We even made out own timelines to order the
different events we have experienced in our lives.

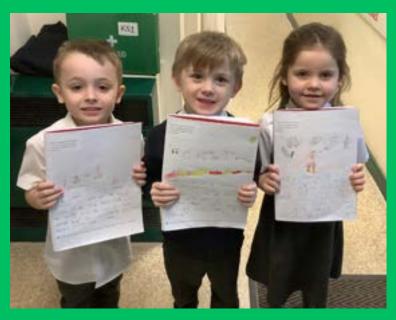

We loved it when B-Tales visited and made us feel all Christmassy with their show!

Enjoying reading Christmas stories

CLASS AMBASSADORS

This week in 1L we have all been incredible scientists. We have been learning about seasons and this week we used vocabulary linked to summer to write brilliant sentences. We then drew lots of things we see in summer.

This week, we loved performing our new song during our Music lesson. We demonstrate confidence and super understanding. We explored pitch and tempo, and tried our best to use lots of our 'Marvellous Musician' words!

CLASS AMBASSADORS 2L

This week in Science, we answered the BIG question 'What is the best way to wash our hands?' We used glitter to show how the germs can spread from one person to another, if we don't wash our hands carefully!

2H

In Science we investigated how germs spread using glitter and the best way to wash our hands.

CLASS AMBASSADORS

OUR AMBASSADORS THOUGHT THE FESTIVE ACTIVITIES WERE THE HIGHLIGHT OF THE DAY. WE WENT TO CHURCH ON TUESDAY MORNING TO PRACTICE WHICH WAS AMAZING. THE BEST PART THOUGH WAS GOING TO CHURCH AT NIGHT. IT WAS PACKED WITH ALL OUR PARENTS AND FAMILIES AND IT WAS BRILLIANT. WE ALL SANG BEAUTIFULLY AND MR HAWKINS WAS VERY PROUD OF US.

3H

CLASS AMBASSADORS

Our Crest Science award lesson this week was all about stopping water from leaking out of a water bottle using a variety of different materials. We used materials such as Cellotape, cotton wool and blue tac, we found that blue tac worked the best!!

This week in DT we have been designing and making our own bolognaise sauce.

The onion brought on some tears!

CLASS AMBASSADORS

This week, 6L continued their DT work on bridges. They have made and evaluated the effectiveness of trusses and suspension bridges.

Year 6 have been investigating and evaluating different features of bridges before we run our strongest bridge competition in DT next week. Earlier this week we researched different types of truss and made our own.

THIS WEEK YERR 3 / 4 CHURCH SERVICE

On Tuesday evening, Years 3 and 4 shared their Christmas message to a packed house at St Luke's Church. The children were fantastic delivering a powerful message with some incredibly touching sentiments this. One thing was for sure, everyone left full of Christmas cheer.

Thank you for your kind donations to St Luke's. The donations are split equally between The Children's Society and the Church.

THIS WEEK CHOIR VISIT TO ORK MERDOW

Our fantatsic choir visited Oak Meadow Community
Support Centre in Widnes to sing to some of their visitors.
The children thorughly enjoyed the experience and came back to school with arms full of chocolate!

What a truly magical week it has been, full of Christmas cheer! On Tuesday we were visited by B-Tales who put on a magical Christmas show for us, full of lots of opportunities for audience participation! To see the faces of the children, full of awe and wonder, made us grown ups quite misty eyed! Then our children absoolutely blew us away with their performances in our Christmas show! The confidence and resilience they showed to get up on that stage was out of this world- I hope it helped you all feel festive! Thank you so much for your support in enabling them to look so wonderful for their performace.

Phonics

We have continued our Phonics learning in our groups. All children will have materials to support their learning at home. Practising with you at home at least three times a week will help support their learning enormously. Please do write a little comment each time you read with your child in the reading diary to tell us how they are getting on and ensure they have their book bag, with everything inside, with them each day so we can change books/sheets as needed and check on their progress. We will be assessing the children again before the Christmas break ready for their new groups in January

Mathematics

This week we have been working on our understanding and use of positional language.

Children need to experience seeing things from different perspectives and to be able to describe relative positions. We enjoyed reading the text 'The Greatest Gymnast' and instructing our friends on our own obstacle course!

Drawing Club

Our Drawing Club we have enjoyed the animation of Roadrunner. The children have enjoyed drawing the main characters and thinking of creative ways to help Roadrunner escape the coyote!

EYFS Pupil Information Collection

Each year we collect information from our parents regarding the children in each year group which we can use as teachers for various different events throughout the year. A couple of weeks ago you were sent an information sheet for the children in EYFS via Evolve and we would be grateful if you could complete this.

Next week we still have lots of events to look forward to with Carols Around the Tree, Christmas Dinner Day and finally finishing with Christmas party day! We look forward to a fun end to our first term together in school. Have a great weekend, The EYFS Team
